## HOW TO ENGAGE YOUR MIDDLE SCHOOLS

- **How involved does the state association want to be? Consider if middle schools would be an “affiliate member” of the state high school association.**
  - Can there be a point person in the state association office to be the middle school liaison?

# Historical Information

- In 1995, Ronnie Carter selected the first TMSAA Committee which consisted of 6 Middle School Principals. Mr. Childress sat on this committee.
- They wanted Middle Schools to be affiliate members of the TSSAA.
  - Set of rules that everyone had to follow, specifically eligibility rules regarding age and academics
  - Benefit of catastrophic insurance
- The committee felt that the new Middle School Association should follow the TSSAA Bylaws as closely as possible. They only made exceptions where absolutely necessary. We have stayed true to this philosophy over the years.
- There were 69 member schools.

Numbers of Contests are less at the middle school level.

**Sports Calendar:** TMSAA has three seasons: Fall, Winter, and Spring. While each school can decide which season they want to play their sports, in order to participate in a TMSAA state championship, the school must play in the season TMSAA offers that state championship.

# Sportsmanship

- The TMSAA and its member schools believe strongly that the major purpose of athletics at the secondary level is to be a part of the total educational program. A major part of this purpose is to stress to coaches, players, officials, and fans the vital importance of sportsmanship. It is critical that all people in each of these categories understand the major role that they play and the role model that they can be for others.
