Thinking Processes

What's your vision for the department?

Identify

(develop a deeper understanding of the challenges you face)

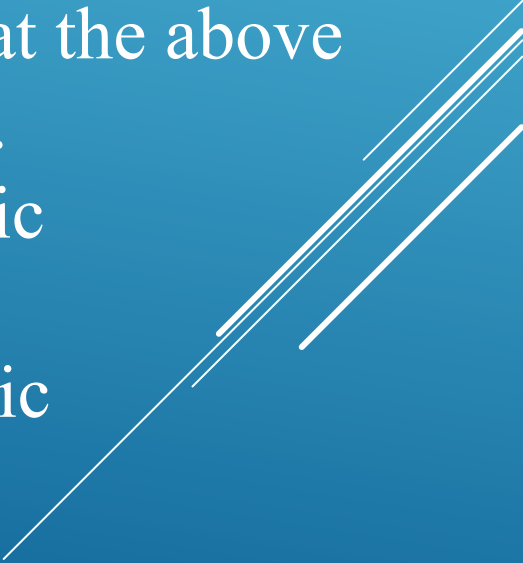

Envision (come up with some solutions; select and develop your solution)

Define
(articulate the problem you want to solve)

Scenarios (come up with a series of scenarios to test all or part of what you envisioned)

Test (engage in a continuous short cycle process to continually improve what you have identified, defined, envisioned with variety of scenarios)

KEYS TO SUCCESS

1. Who makes the decision of the athletic budget?
 - *AD or someone else..
 - *If not you, whomever the individual is, do they understand Athletic Administration?
 2. Once you have answered #1, then find ways to maximize your funds by looking at the above suggestions in the previous slides.
 3. Be creative in all aspects of Athletic Administration.
 4. Ask for help; seek out other Athletic Administrators.
- 

THANK YOU!
